Call today and a Crescent Consultant will work with you to find the right product mix for you and your families. We offer everything you need for your showroom, all at a great discount.

Because we listen to our customers, we at Crescent Memorial understand the issues you face each day when it comes to your memorial line. How do your families respond to the value of what you are offering? Below is an example of how Crescent Memorial has helped our loyal customers.

“Last year we went exclusively with Crescent Memorial’s urns and keepsakes and even went with their MSRP...those decisions changed everything. Now, almost 90% of our families buy an urn or keepsake. Our families really see the value of the Crescent line.”

Caruth-Hale Funeral Home  
Hot Springs, Arkansas

Crescent Memorial is dedicated to providing you, the Professional Deathcare Provider, a memorial line your families will see as a value and one you can be proud of. Where else can you find a better value and a more complete memorial line other than Crescent Memorial?
