“ *I'll share a memory! This man lied to me for years. His brother Ron is a worse liar than him so I guess that helped him. Also I looked up to this man I became a Marine and a cop because I wanted to be like him, my so called father his brother was a loser deadbeat. He knew the truth that my worthless father Ronald Clifford Robinson had other kids. As an adult I figured they would have told me. I know the truth now and it wasn't because of Buzz or Ron. Rip Marine.*

Buzz was my stepdad for many years and he has never let me down no matter if I was right or wrong. I looked up to him because my biological father I didn't know until I meet him when I was 31 years old. But I still called Buzz Dad out of respect that I had for him and even know I was not his biological son he treated me like I was. I had many great years with my Dad and I know in my heart that I will see him again.  
I love you Dad and you will never be forgotten in my heart.
