“ I met Brad when I was planning to build my dream house about thirty years ago. During that time, Tracy Suber, a work associate of mine, mentioned her husband was a contractor, and I should talk to him. Brad was my choice to build my home, and I thank Tracy for introducing Brad to me.

Brad was a very special person to me. We became friends during the design and building of my home. In fact, we became best friends and eventually business partners. Our friendship continued after our business relationship ended. For many years, we held “board meetings” at each of our houses to catch up on family affairs, share good times and enjoy the moment. Our birthdays fell within several days of each other...and we both felt a special bond. Brad was a kind, caring and gentle person who was my forever friend and will be truly missed in my life.

“ Brad worked for me for close to 8 years at DJJ. I always admired his willingness to do whatever it took to get the job done and had a great attitude about it. He was one of the best. He'll be missed but his work will live on at DJJ.
