“ Bruce, you are full of Life! Like Spirits attract, no surprise when others don't recognize. Thank you for "leading by example". Even the most mundane things are a blast with you! We only have this exact moment once, live it to the fullest! I miss you my Friend and I wish we'd had more good times together. I know your "work in progress" is just moving forward and wherever you are now, I hope we have the opportunity to meet up for adventure soon, much love to you and your family 💕

“ I have a lot of memories of Bruce, Tara and his family while growing up. They lived right across the street from me. I knew Bruce to have a lot of confidence. He was protective for those he cared about. I know Bruce worked hard with his dad mowing lawns as an older child and teenager.

As kids we played football out in the yard after school, took the long walk home down our dirt road after getting off the bus. We all just really hung around a lot doing your everyday simple things.

I had a crush on Bruce growing up back then. But most importantly, as I look back now, I know he was my friend.

I'm sorry for the turmoil that you went through. There's no pain in your way now. May you rest in peace my friend!

My condolences to all of Bruce's family. My thoughts are with you.

A special message to the family:

"May the sorrow you feel in your heart lighten by the love that surrounds you."

“ So sorry for your loss. Bruce trained me to jog Silver Lake. He was a very dedicated and loyal individual. You could count on Bruce for anything. Although we lost contact, Bruce will be sorely missed.
