“ I have learned, that as we go through life, we really have very few individuals that we can know are really pure, honest and true friends. I am proud to share that my buddy Charles “Chaz” Gidula is one of those people.

*I have known Chaz, and his entire family, for 36 years.....just about three quarters of my entire life. We met in 9th grade, when those “St. John’s kids” came over to Bishop O’Reilly High School, and we connected immediately. For those of you who know him, friendship with Chaz was one wild ride!*

*Like most of our crew, Chaz was a bright, intelligent and outgoing guy who liked to have fun. Although trouble sometimes found him ?, he never had an ill-intentioned bone in his body. If Chaz Gidula was your friend, he had your back, ALWAYS, and would literally give you the shirt off of his back.*

*The times we spent together I treasure. From the mundane, to the insane! His greatest pride was his children and his family.*

*We lost a really good human, father, and friend from this earth with Charles’ passing. I know he will be with us always, as he watches from above, until we join him again, on down the road.*

*I am rally gonna miss ya buddy!*
