“ *I have known Christel all of her life as one of her older brothers. She was always an independent spirit who knew what she wanted to accomplish and then found a way to get it done. She was a cheerful, positive and outgoing person. She and Gene had a full and fun filled life, surrounding themselves with many friends and families to share their life with. She was always a devoted mother, sister and friend who i will miss. We feel that her and Gene are together again as they were in this life. We pray that the families affected by her passing will take peace and condolences from our family in this time of grieving for the loss of a loved one.*

“ I first met Christel Newman when my sister was being admitted to Seven Hills Health & Rehab. She was her roommate. We always chatted when I was there visiting my sister, and I remember she had a beautiful smile. Sometimes she would be asleep and I wouldn't disturb her. I only recently learned that she was a pianist, so we had that in common. Although my sister passed away in August, I still go by Seven Hills from time to time to visit with other friends there. When there a couple of weeks ago I stopped by to see Mrs Newman, but she was asleep. My condolences to the family. May God give you the peace and comfort not only for now, but for the future,
