“ I am so sorry and sadden to hear about this. I worked with Craig for several years on the Backup Team at AST and he was such a great guy. I can remember a lot of good times we had as co-workers. One story that stands out for me is when Craig offered firewood to his co-workers and I took him up on the offer. He not only followed me to my house and dropped it off he didn't want anything in return. I told him, "that's like \$100 dollars of fire wood delivered for free, I've gotta give you something" and he wouldn't take anything for it, that's the type of guy he was. I will miss the times working with him and the fun we had, I am keeping your family in my prayers.

I didn't work directly with Craig directly, but I talked with him frequently at Northwood and Southwood. He was a great person and you could tell he loved his family very much. We will be praying for all of the family. Fred Hudson
