“ Daniel was a really kind-hearted, intelligent, hard working man who took great pride in everything he did. We had some great times together in JROTC and some epic paintball wars. You'll be missed brother.

“ Let's see, we go all the way back to prom. I'll never forget that night. Then, through the many years of time together and the moments we've shared. You are truly missed. Keep Madison straight up there. The day you first held him in 2004, I knew you was going to be an amazing dad one day. You know we can't control what happens and losing you two has been very hard. I can't share every memory that we shared but you and I will one day see each other again. I love you Daniel and you two behave up there. Never forgotten.
