*Oh my goodness. I have never met Davis in person, but as a documentary filmmaker based in Brooklyn, NY, I have sent him interviews to transcribe for years, always knowing that he would be efficient and detail oriented and incredibly responsible and that everything would be done with care. In some ways, Davis knows much more about my work than some of my closest friends, and I came to think of him as a friend through our communications. In short, I trusted him. I am so deeply sorry to learn of his passing and to think of the incredible void this must leave in the lives and hearts of all who knew and loved him in the real world. Davis will be missed by people far and wide.*

*Having met him through Nara, I too was fortunate to work with Davis for many years as he provided transcriptions for my work. He was always so kind, thoughtful and thorough, and followed the work I was doing with warm concern. I could feel his empathy and appreciation for the people in the recordings. I am so sad for all of you who knew and lived him. He will be sorely missed.*

All my Biden supporter friends must have unfriended me because I never see their posts bragging about the great things he is doing... 🇺🇸 🇺🇸 🇺🇸

“ *Dave I love and miss you so much. I know that you have gained your wings and are flying high now. It was so hard to see you go but I know that you are no longer in pain. You have definitely left your footprint in so many hearts and will be missed. Love you and I will be seeing you later!*
