“ *It's with a heavy heart that I learned of the passing of my dear friend, Capt. Dennis Brown.*

For a couple of wonderful years, we worked side by side in Mexico, managing boats for Hornbeck Offshore Services. Those days facing the challenges of the job together, were made so much brighter because of him.

Dennis was a true joy to be around—always quick with a laugh, a great story, or just the right word to lighten the mood. Sharing beers after a long shift, cracking jokes, and enjoying each other's company... those moments are some of my fondest memories from that chapter of life.

He had that rare ability to make hard work feel like good times and to turn strangers into friends.

Fair winds and following seas, Dennis.

You'll be remembered with a smile and a raised beer

“ *Captain Dennis was a truly wonderful person to be around. His warm smile and kind demeanor always brightened our days. I had the pleasure of meeting him in Paraiso, Tabasco, where he often dined at my restaurant with some of his crew. He loved sharing stories that never failed to bring laughter and joy to everyone. My family and I will always cherish the memory of his infectious smile. Rest in peace, Captain Dennis.*

“ Dennis was like family to the Spears. I remember Dennis built our first hide out fort that was built behind the restroom building where today Aunt Barbara & Uncle LeeNells old mh sits. The restrooms were for the campground visitors cooking mullet etc and for the crab picking employees ran by at that time the Metcalfs & my mama Tenny Spears. The building there now is owned by Lee Spears but prior to that many years ago the building was used as a CRAB PICKING HOUSE. Dennis lived in the Bahamas at one time or another and texted me beautiful pictures where he lived there. A very nice guy polite always doing something building wise or mechanical Dennis could fix anything. Love and prayers to the family.

“ Many high school memories with Dennis and they make me laugh even now when I remember them. He was my first date ever and we became good friends after that. He could get the giggles along with us girls and he just loved to have fun and play tricks on us. Denise Whaley Crabtree and I went to the Bahamas with him after high school and we had so many adventures on that trip and lots of laughs (and it nearly ended before it began when my VW spun out on the wet interstate on our way, but thankfully Dennis was driving and controlled the car and saved us all!). I can only remember Dennis with a big smile on his face. When we talked over the years, his love for his son was always evident. Love to Austin and David.
