“ Diana was always so kind and helpful to me - especially when I had "dumb" questions about technology, which was often when I stared my new job here at LCS. She was always encouraging and spoke with a smile in her voice. I am sending heartfelt condolences and prayers of peace and comfort to all who loved her. May her light shine though her memories and the smiles that they bring to your heart.

“ All of us at Focus School Software are deeply saddened by the loss of Diana. She was not only a valued colleague but also a cherished member of our extended work family. From the first moment I met Diana, I was struck by her intelligence, wit, and unparalleled ability to creatively problem solve. Everyone at Focus who was blessed to know Diana is profoundly grateful for the time we spent working with her. Our thoughts and prayers are with the Sanders family.

“ Diana, such a supportive and encouraging friend. So thoughtful to share my husband's 60th bday also celebrating his success with dialysis for the first year. I will miss her immensely and love that she accepted me as a friend when I joined the TIS team six year ago. I'll remember her bravery, strength and perseverance to finish her Management Information Systems Bachelor of Science degree with Honors! The Girl is Smart! All while facing health challenges along the way. So I change the song Joanna (Kool & The Gang) to Diana and sang it to her all the time. Funny....She's definitely a friend meant just for Me! May Diana rest in Peace. Love Always.....
