“ *Frank and I were Fraternity brothers at Auburn. As we all went our separate ways after college, we lost track of each other. After completing active duty with the Navy, Pat(my wife) and I moved to Roswell, Ga. We later got involved with what would turn about to be a huge conservation project, and we needed some expert help. When we went to the City, we found that Frank was the City Engineer, and that he and Barbara lived not far away! He was, as always, very generous with his time and knowledge on this project, and we were able to spend time again with he and Honey Bear before they moved to Sopchoppy. He will be sorely missed.

“ Just heard the sad news. Frank and I were fraternity brothers and roomies for a time. I think we're the only students at Auburn that ever shared a residence with a lion. I remember when he and Honeybear first started dating. It was a match made in Heaven and 55 years with Barbara has more than proven that. My deepest condolences to all of Frank's loving family. Frank was a prince of a guy.

“ We appreciate the pieces that the Mingledorffs have added to our life quality here in Wakulla County. My husband worked with Mrs. Mingledorff on several Sopchoppy community projects. We soon discovered that the Mingledorff's liked to eat out a lot, even more than we did! Danny then became their yard care man. And Mr. Mingledorff always made my 92+ year old feel connected and special as they were both engineers and had both attended Georgia Tech. Dad gave Mr. Mingledorff his copy of a lengthy and reportedly tedious read of his book on the life of Nikola Tesla which Mr. Mingledorff reported that he had completed. We will truly miss seeing him out to eat and are grateful for the pieces of himself he gave to us and Dad. Blessings and love to Mrs Mingledorff and his family and friends.

“ *Prayers in this difficult time for the family. Very rarely do we come across someone who is truly selfless and even more rarely are we able to recognize them in that moment but we very quickly realized the kind of person he was. A mentor and friend and more importantly treated Teddy as part of the family and for that we always remember him fondly!*
