“ Harry’s family and my family the Webb’s were very close growing up. Both families lived in Morgan County Ohio and lived on farms close together within 5 miles. We all went to school together and rode the same bus. Kids of both families were best of friends. I have wonderful memories of the Harvey family. Phyllis was my best friend growing up. My thoughts and prayers are with his family. Love and hugs.

“ It is so very heartbreaking to be posting this! My parents just moved to North Florida about a year and a half ago to be with us and we had so many things we wanted to do together. We still have so many wonderful memories for the short time that we did get to be together. My Dad was such a good man and loved us so much! He was always the leader of the pack and made sure everyone was always doing what they're supposed to be doing. I love him so much and will miss him every single day!

“ *As a young girl, I begged him to ride our bikes around the neighborhood - my favorite thing to do with him. It didn't take much for him to agree. We would spend hours riding around the neighborhood and flying our kites at the park nearby. He cherished nothing more than watching me grow up. 21 years wasn't enough for me.*
