“ When I was I little girl 7-8 yrs old we would come to town to go to FSU games. I would be at Grandma Reeves house and pull over that step stool and use that green rotary dial phone and dial “NuNu’s number. It took 10-15 to dial it because I alway messed it up. Finally I got it and NuNu (Aunt Jenny) would answer and I’d say “ NuNu, come get me” and we spend the weekend together with Uncle Dan and Michael.

When I got older sometimes I’d come in the summer and help her clean trailer’s anything to be with her. I love you NuNu. Kimmy
