

Joan Messer

November 6, 1944 - April 6, 2020

Ms. Joan Dena Messer, daughter to Arval Messer and Mary Evens Messer, quietly passed away to be with our Lord at the age of seventy-five at the Bonifay nursing home where she had lived for several years.

She was the baby of the family and the last sibling alive. She died of natural causes.

Born locally in Port St. Joe, the family later moved to Carrabelle, where she grew up and eventually met my father and married him. She bore three sons and leaves myself Bill, and my two brothers Nelson and Benjamin, behind as surviving.

Later divorced, she lived in Tallahassee for several years, and then in Carrabelle for her later years to be close to her family.

Joan suffered from a mental disorder all of her adult life. It was debilitating and harsh. How comforting and wonderful it is to know that at last she is healed and happy in the Kingdom of Heaven united with her family again.

Tribute Wall

ML

“Joan was a wonderful lady and will be greatly missed by myself as well as her many friends from the nursing home where she spent the last years of her life. Gone is her laughter and her wonderful sense of humor but she leaves many sweet memories of times shared. Rest in peace, my friend, until we meet again.
Love Ms. Gail
