

John W. Hitron

September 15, 1944 - February 11, 2022

Dr. John Hitron, 77, passed away February 11, 2021. He was born in Cambridge, Massachusetts to Sophie and Felicks Hitron. He attended the University of Massachusetts and then enlisted in the U.S. Navy. After his military service he continued his education at Long Island University and University of Washington where he received his doctorate in fisheries. He was the associate director of the FSU Marine Lab and then moved to the Carson National Fish Hatchery in Washington state. Throughout his life he met and befriended many wonderful people. He is survived by his daughters, Kristin and Katie, their mother, Michelle, and nieces Siobhan, Laura, Amy, and Cassandra.

Skip and Trey Young are assisting the family. Family Funeral Home at Harvey Young Chapel Crawfordville.

Tribute Wall

SP

“ John Hitron was a fellow Biology Major of mine...we were the 1st Biology Major Graduating Class from the University of Massachusetts, Lowell, MA.

Because there were only 8 of us, we spent almost all of our time in the same classes.

So, we were close...of course, John and Richard Savard were even closer.

*In closing, I send my sincere sympathy to his family.
