“ My dearest Huck,
In Loving Memory of Joshua "Huck"

There are people who come into our lives and leave a mark so deep that their absence is felt forever. Joshua, known lovingly as Huck, was one of those rare people for me.

Huck was a talented musician whose passion for music was woven into the fabric of who he was. One of my favorite memories of him was receiving his phone calls when he was excited about a new song he had written. He couldn't wait to share his latest creation, and you could hear the joy, pride, and passion in his voice. Those conversations weren't just about music—they were moments of connection, friendship, and sharing a piece of his heart.

Huck had an incredible gift for making people laugh. No matter what life threw his way, he could find a way to bring a smile to those around him. His humor, quick wit, and ability to lift spirits made him someone people naturally gravitated toward.

What I will remember most was the way he showed up for people when they needed him. During some of the most difficult times in my life, especially throughout my health struggles, Huck was there. He listened without judgment, offered encouragement when I felt defeated, and reminded me that I wasn't facing my battles alone. His kindness and support meant more than words can ever express. Above all, Huck was a loving father and a loyal friend. The love he had for his children was evident in everything he did, and the care he showed his family and friends reflected the size of his heart. He had a unique ability to make people feel seen, valued, and understood.

The world feels a little quieter without his phone calls, his laughter, and the music he so loved to create. While my heart aches knowing he is gone, I am grateful for the friendship we shared and for the countless memories he leaves behind.

Joshua "Huck" was more than a friend, he was a source of light, comfort, laughter, and strength. He will be deeply missed, forever remembered, and always loved.

Rest peacefully, Huck. Thank you for the music, the laughter, the friendship, and for always being there when it mattered most. Till we

meet again. I love you and miss you dearly my friend

“ *Huck it's still not setting in that you're gone. The past couple years of knowing you, you always brought joy and happiness even on the days I just wasn't having a good day! I'll miss those random calls and telling me to get my lazy butt out of bed and get moving. I'll miss the calls and lives just to hear your latest song you wrote. I'll miss the friendship and goofiness especially those elephant pants lol! We will miss you dearly Joshua and I hope you knew how loved you were by so many including my babies. Watch over all who loved you and keep singing and dancing your heart away up there! Lyf Huck!*
