“ *It's a cliché, but so true in Linda's case. I am glad that her body is at rest and pain-free and that her soul is at peace. She was a good person, a good mother and grandmother. Her kids and her grandkids are her legacy. Remember her with love and grace, kids.*

“ *Game night will never be the same. And the cats don't understand why their bags of treats are not being delivered. I will miss your competitiveness your sarcasm your wit and your humor. I pray you are at peace now*
