

Louis Robert Cravens Sr.

January 27, 1964 - June 8, 2024

Louis Robert Cravens, 60, of Crawfordville, Florida passed away on Saturday, June 8, 2024, after a long battle with cancer. Louis was born on January 27, 1964, in Miami, Florida, to Lawrence and Catherine Cravens.

Louis enjoyed a somewhat nomadic lifestyle, settling in different parts of Florida over the years and doing various jobs throughout his life, including repairing elevators, building houses, and for a time, co-owning two tattoo studios. Louis will be remembered for embracing life's adventures without apology, living each day on his own terms, defiant to convention and norms, and having a big heart. His heart was so big; he would do anything for a friend and loved his family earnestly, without reservation, despite distance or differences. In a life full of challenges, he always put up a strong fight to keep moving on to the next adventure, even throughout his more than yearlong battle against an aggressive cancer, he'd throw imaginary punches and give everyone the thumbs up to let us know he was ready for whatever came next.

Louis was predeceased in death by his parents and is survived by his son, Robert Cravens (Stephine), granddaughter, Claire, Stepdaughter, Hazel and her son Kenneth, as well as siblings, Cecile Tice (Robert), Catherine Lutz, Lawrence Cravens, Leonard Cravens (Kathie), Christine Francis (John), Les Cravens (Traci), Caroline Cravens, Leon Cravens (Jeanne) and Caryn Cravens and many loving nieces and nephews he loved dearly.

A celebration of life will be held on a future date.

Skip and Trey Young, along with Paula and Kimberly are assisting the family with arrangements.

I met Louis when we were both in the same room at TMH. Myself and another friend communicated with him for some time. I spoke to him about the Lord and he was very receptive. I just learned today of his going to a greater place and though we were friends for only a few months I will miss our occasional text contacts.

Is this the Louis Cravens I knew as a kid in the '70's at St Brendan's? My mom (Irene Stevenson) and his mom Catherine were good friends. RIP
