“ *I don't remember life without you in it, and I am still in denial. From the playpen and sneaking into the closet where Christmas gifts were stashed, to taking me under your wing when my life imploded, even during the Desert Storm in Saudi Arabia, always my dearest friend... I love you so. I feel your peace in my bones, but I miss your voice, your wicked accurate humor, your intelligence, your face, your memory. I miss you always remembering that movie quote to fit the situation. I miss You. I'll do all that I can to carry out what I know would be your wishes. Your twin is the Rock of Ages. Be with us, and with Taylor, who is so deeply wounded now! Thank you for Everything. Love, Nunu*

“ 45 years, doesn't seem like it's been that long ago since we first became friends. Friends, then family. We had some good times together, a few bad, but in the end always family. Gone in this life but forever alive in my memories. Rest In Peace Molly my sister. I love you.

“ *Oh Molly, where do I begin- you were the first true friend I made when I was new to Tallahassee, thanks to "Slim". You welcomed me and Rachel with open arms and it was the same with your beautiful Momma and Dolly. There are so many memories over the almost 33 years we have known each other. I may have moved away but I have always loved you , my "Sista"!! Fly high my friend, give our family hugs from me- Till we meet again!*

*Thank you, Molly, for being a wonderful Aunt to my kids, through their ups and downs you never wavered. Thank you for the love you've shown me, as well. I will always be grateful to you for your big heart and indelible love. The angels have you, but we weren't ready. We love you higher than the sky.

“ Molly, we shared a special bond -- you were always good to me and my daughter and grandchildren. We are family. Perhaps not by blood, but by our shared family. I will always remember your kind and caring heart. I was so sorry about your son and we had some conversations about that, but now you are together with him once again and that is a very beautiful thing. For that I am happy for you. Play that guitar I remember you used to like to do back in the day and keep singing those George Strait songs. You are loved and will always be remembered.

“ I have so many memories of Molly. She had a beautiful smile that could light up a room when she entered. I will miss her laugh and hugs but feel better knowing that we will meet again one day. I know Gary met her with open arms as she entered the gates of heaven and I am again jealous of the angels.....
