“ Priscilla never failed to put a smile on my face every time I saw her. She always made me laugh and always tried to make sure I had something to eat. She treated me like family and always made me feel welcomed in her home. I'll never forget the time she sat in my lap at church before service because there "were no other seats available" as she said. Even though literally every single one of the seats on my row were empty. It made me laugh. But that was just the kind of person she was. I only knew her for a few years but I will never forget her kind soul. My heart goes out to their family, as they have been a second family to me pretty much ever since I first met them. I love you guys and I'm praying for ya'll.

Priscilla was my best friend when my dad pastored at New Light. We got our first pair of heels together. Spent every weekend at the Gerrell's Home. Swam in the lake behind their house. What can I say but my heart goes out to the family. Prayers coming to you

Priscilla had a huge personality.. she was funny. And very giving... she cooked enough to feed an army when we had dinner on the grounds. She had a larger than life personality... I know her family will miss her terribly... my heart goes out to the Green family

“ *My heartfelt condolences to your family. I have personally only seen Priscilla on her trips to Arkansas, but I know her son and family, and call them as my own. Tommy is like a brother to me. And she raised a wonderful son!*
