“ *As I remember how the story goes. Tobie Gregory Thought I would take Earl some hot wings one evening like always he would say Tobie pull up a chair and let me grab a cigarette. And of course he said I need to quit these damn things! But anyway he went on to tell me a story about his younger days as a young fella. He and a buddy and ol gal had been drinking a little bit to much and they had come up with an idea on how to get some free steaks and if you know Earl if it was free he was all for it so they come up with this idea on stealing a cow in Georgia. So first Tobie were got us one of them uhaul trailers to load the cow up in and hell we even got some hey so off they went to get a cow. So pulled up out in the field and I was laughing so hard because I could see myself with him at this point so he went on to tell me we tried and tried to get that damn cow in that uhaul trailer it seemed for hours and finally I said the hell with this yall I think we have a better chance on getting another case of beer and as I had tears running down my face I couldn't stop laughing and he said we loaded up and headed to the beer store. Earl was set in his ways for sure but being neighbors for 31 plus years he was a good man at heart and the best neighbor a man could have.*
