“ I worked with Randy at LCEMS. I truly enjoyed his humor and his sarcasm. And the way he would just tell like it is. He definitely was a no none-sense gentleman and a good man. I swear the logistics area could not have run without him. He will be missed. Rest in Peace, friend.

“ Randy and I were rivals! I'm a Nole and he pulled for the Canes..after he retired from LCEMS he would text me every time our teams played..I always got a kick out of that! RIP my man! Go Canes

Working the logistical shift opposite of Randy was a blast. For the 13 years we worked together I never went in to work wondering what needed to be done because he always did his part and sometimes mine. Randy was a very stern and organized individual. No short cuts. Having Randy bring me along made my transition into the EMS family very smooth. You will be missed brother. Rest In Peace.

Randy was always the first guy that you saw when you got to work and the last one you see at the end of the day. unless you got there a few minutes early and you saw him for what he really was. All day long he looked like a bulldog, but that was not the real Randy. RIP brother. You will truly be missed.
