“ *I will miss my mom, Renee. I know we weren't close for decades and we are both to blame for that. However, I am glad that towards the last few years we were at least communicating a few times a month, sharing a little bit of our lives with each other again. It was nice and I'm grateful for it.*

When I think about good memories with my mom it is always thinking back to when we all would load up the van on a Saturday or Sunday and head down to the beach. We would all listen to music and my Dad would grill and cook us some yummy food and us sisters would be swimming in the water or picking up shells on the beach and the weather was beautiful. I know my mom is in a better place and hope she can rest in peace. Love you. XoXo

“ Renee raised me for the better part of 18 years, was the only mother I knew. She had a tough time as one by one, all the other girls left the nest. Being the youngest, she tried her best to give me what I needed with a tough love attitude. I am better for it, with a great work ethic and drive. I am saddened by her loss and the fact that she never met my children. My son, who passed away at 13 months old, and my daughter who is now 5 years old. After leaving home, I wanted to make my own way and she gave me the tools to do that. I hope she may now find some peace and be able to rest with those in our family who have been taken from us too soon. She has certainly touched a lot of lives and will be missed by many.

“ RIP to my mother, Renee. We made mistakes in life. I could not get passed so many of them. I could not reconcile that and have the relationship I wanted or deserved. That will be my burden for the rest of my life. I hope you have finally found the peace you searched so much of your life for and never truly found on earth.

Danielle Daigle Johnson - February 02, 2021 at 02:44 PM

“ My Mom, Renee Dawn was a spit fire of a woman! She worked her butt off to raise 6 girls. She was extremely smart, driven and passionate. You always knew where you stood with her. She loved the ocean as she was a south Florida native and missed not being able to frequent as often in her later years..
In her teens, she raced cars to earn money and from what I was told she was really good at it. Beat the boys all the time.
My mom will be missed by many but not more than I will miss her. Time goes by quickly, tomorrow is not promised to any one. Hug and kiss those who are close to you.
I wish I would have hugged and kissed her a little more.
Mom, you are no longer in pain and until we meet again, I love you dearly!
