“ Ronnie wired my shed for me. I told him I'm handy wood working, and pretty much anything else, except for plumbing and electricity. He laughed and said "well you respect electricity, that's a good start!" He took the time to explain how to wire electricity, and more importantly how to avoid getting shocked.

*I went to see him a couple of months ago. He was in good spirits, and I enjoyed visiting with him. I've kept him, in my prayers.*

*He was such a good man, and I sure will miss him. My heart has been so heavy, although I'm glad he's not suffering.*

*I'll continue to keep his family/loved ones in my prayers. 🙏*

*RIP my friend.*
