“ Billy told me he was going to make a fishing lure from a stick. The next time we went down to visit he showed me the lure he had caught like a 5 lb Bass with it. So much talent and love to fish more than anything.

“ To my brother who I will always remember with his blonde hair and the practical jokes he played on his siblings! He always had a smile on his face and was forever into everything growing up. He rode his bike all over the Air Force Base going fishing at the base lake or playing his sports. He also loved playing in the snow and sledding down the hill by our house for hours on end. We moved all over the country and to Japan together and we love each other immensely even though we might not have seen each other often scattered around the country like we are. I know my brother knew his big sister always had his back even though I left home years before him. I love you Billy and I will miss you until we are together again. I am so thankful I got to spend some time with you before we parted. Rest in Peace my brother.

Love you,

Sherryl
