“ Brenda. Keith and I are so sorry to hear about Selma. We met him when we bought furniture for our new dealership. He treated us so kind and was so helpful. Keith later was so happy when he wanted to come work with us. He was a wonderful person that everyone really like and respected him. . I know he will truly be missed by so many. “ I met Brenda a looong time ago. Our lives went different directions but came back together in Tuscaloosa. On the way to Memphis I stopped to visit and met Selma for the first time. He was gracious and friendly and accepting of me even though I was a stranger to him. I could truly see why Brenda loved him so much! I am so saddened by his passing.
