*Sheila Mae and I were best buds during our time working at the Wakulla County Health Department. We solved most of the world's problems at Lindy's on our lunch hours. She had the most beautiful smile, sang like an angel and was a helluva lot of fun to run with. The things she was most proud of was being Grannie Mae. She loved her grandchildren fiercely. We spent many weeks and weekends at the beach, leaned on each other through thick and thin. Sheila Mae was the sister I never had. She cared for my mother as if she were her own as she did for many others. We lost weight together, colored our hair together, almost got into trouble several times together and mostly loved life together. Sheila and Mltch have always been and will always have a special place in my heart. Keep singing Sheila Mae and continue to watch over me as you always have.*

“ Sheila was such a beautiful person. I grew up next door to her and spent ally of time singing with her. Sheila had a smile that could light up a room. Mitchell, you and the boys are in my thoughts. Rest easy and fly high Sheila. You are now free of pain. I will sing a Lori Morgan song for you. - Shawna Weaver Aries

“ Many years ago, my family moved to Crawfordville, around the corner from Sheila and her parents. It wasn't long before I met Sheila and we soon became good friends. We would spend the night with each other and laugh and cut up as teen girls do. She would often decide that she wanted to sing some songs on the radio, so we did. Sheila loved to sing and had a beautiful voice. As life went on, we fell in and out of each others life (as life always does), but each and every time we got back together it was just as we had never been seperated. We would get together and talk as if we were still teens. Years went by with the occasional "bumping into" each other. Then one day my little family and I moved to Crawfordville, and I was back to the same place I grew up in, right around the corner from Sheila. Eventually Sheila's sons and my son met. My son came home and asked me if I knew Miss Sheila that lived around the corner. My son finally got tired of me talking about how much fun Sheila and I had growing up and the "once in a while" bit is mischief we would get into, that he eventually asked if we could finish this conversation later. The one thing that I will always remember is that Sheila named us "Besties In Da Hood", and we continued to call each other that. I will miss her.

*Well, I still miss you girl. You was one of a kind. You were a special lady, friend, and coworker. I don't know where my first message went but I hope to heaven because I know that is where you are. When I see the evening skies and it brightly shines with sun I know you are still with us.*
