Mama I hope Charlotte and I made you proud with this beautiful tribute to you. We worked really hard to give you the best as you so deserved. You have always did the best you could do and always made the most out of it. Like Willard said tonight watching your tribute..." One thing is for sure NO MATTER WHAT OR WHERE SHE WAS ALWAYS THERE WITH US AND THOSE GRAND BABIES", that I already miss. I love you Mama

“ My heart is saddened about my dear friend...but the angels are rejoicing as they welcome another angel home. I miss you so much and there hasn't been a day gone by that I haven't thought of you. I keep thinking to my self...It's about time for Shirley to call...but the phone doesn't ring...then I remember. Your friendship means the world to me and I thank God for Him putting you in my life. I remember a lot of our conversations, how we laughed, especially when we found out that you knew a lot of my relatives in Woodville. Then the next conversation, we would found someone else, that was a relative that you knew. How we laughed over those discoveries and so many other things. You always had the best recipes to share and didn't mind sharing them. You gave me the nick name "Lady Bug". Short time after I met you, I knew we would be friends, close friends cause that was God's plan. I know that on Sunday's it was hard for you, sometimes, to come to church. Boy what a blessing it was to see you walk through those doors, see that smiling face and I knew I had to have my BIG HUG. You were and are so special to me. You gave to me, just as much as I gave to you, understanding, compassion, honesty, and love, Your friendship and memories I will always cherish. So by dear friend, rest in the arms of God and rejoice and baste in His Love. To all the family may God give you strength and understanding though all of this.

“ You took me in like 22 years ago and made me one of the family. I have loved you like my own mother ever since. It still doesn't seem real that are are not with us physically anymore. You will always be in my heart.

“ I have many memories of my times with sweet, loving Shirley, but this is my favorite. She rode with me quite often to spend the weekend with Charlotte and John and kitties!
Going there and back, Shirley loved to tell me family stories. I would tell her I might not comment because I had to concentrate on my driving. This didn't stop her. In fact, once in awhile she would stop her story long enough to say something like, "look out! He's going to cut in front of you" and then she would continue her story. That always surprised me!
Also when we stopped at a rest area, as soon as we got back in the car, she would start where she stopped, even if it was in the middle of a sentence. That amazed me! Shirley had the knack of entertaining me and making my drive easier.
