“ *Kohut family, I'm so sorry to hear of Mr Kohuts passing. I have many memories of him and your family as we all grew up in Woodville. He was always so kind and friendly. I remember I always liked to see his old boat in the shed out back because it was called smurfette and had a sticker of her on it. I remember him building a wooden swing set in the backyard as well that we all use to play on. He was so kind and good with all of us kids. I recall him telling me one of the last times I saw him at his home in tallahassee that he would love to take me fishing anytime I wanted. I hope your family will be able to find peace in the coming days with many positive thoughts and memories of Mr Kohut. I know it will be so hard to adapt to the change of not having him around but he still lives on in all our hearts and minds. He still lives in Laurie and Michelle as they will forever be a part of him. Mrs Kathy I know it will difficult to not have that huge amazing personality around. I am thinking of you and what a kind heart you have and your amazing laugh. I hope you will find moments in the coming weeks were you can laugh and smile. Remember the joy and all the love. Also remember you all are loved by so many. Thinking of the entire Kohut family tonight. Love you all.*
