“ My fondest memory of Airline was when she would stay at Ruby and Richard's home. She was so full of life and always smiling. She was a sweet lady who will leave a big hole in the hearts and lives of those she leaves behind. Arline, you will now be worshipping our Lord and Savior Jesus Christ forever and forever. One day soon we will see each other again.

“ Arline is my precious and beautiful sister that I not only call sister but a true friend. I live in Jacksonville, FL. Arline would visit me and my family here at least twice a year. My children and grandchildren loved to see her and do special things, events or join us on a vacation several times, several different places for the past few years. Her favorite was the great smokey mountains, where everything was outdoors was challenging and fun to her. She especially liked going to the flea markets with our daughter, Arline's Niece, Michelle.

Anything outdoors and uniquely housed was her passion to see. She and I had many sister/shopping, lunch/dinner days. Arline was so kind and lived helping others. She was never a stranger to anyone. Even tho Arlines twin sister died at an early age, I think I was put in her place as Arline and I were inseparable from young age up. She and I loved the same things, colors, shopping, liking the same foods to buying the same lottery or scratch off tickets. She was truly close to my heart and attached to my side. I would never leave her out of any kind of joy or good time that I thought she would like and/or enjoy. When she visited our home, she called our place her second home. She would never leave before planting flowers or arrangements for me and my family. She was loved by all. Our kid's always, Michelle & Phillip did something special with Arline and made time with their children (our grandchildren) who cherished her. They couldn't get in the door without knock down hugs while telling ea of them she loved them. My life with Arline was genuine and so special. If I never thanked you Arline for always being there for me and by my side, I am now thanking you ten fold. I will forever miss you. I love you sis. Ruby
