“ *In life we learn many lessons, Uncle Tommy was one of the many that taught all of us a lesson. He always encouraged me to be the best version of myself, never failing to tell me how proud he was of me, and he was always the first one to congratulate when I succeed. Uncle Tommy helped me when my Alex was ill, and he always told me that I was doing a great job. He will be greatly missed. We love you, See you in my dreams. ❤️*

“ *Father God, I want to say thank you. Thank you for allowing this family to have uncle Tommy as long as we did. Thank you for giving my mom a protector for so many years. Thank you every memory, every trip to Tennessee (even if it was just to work on the air conditioner). Thank you for allowing him to teach me how to hunt and how to bass fish. Thank you for the times he took me to sweet water to fill the deer feeders and say hey to my pawpaw. Thank you for allowing us to have the most amazing uncle in the world. He never had any children and often joked and said "I ain't got time for that, I'm still raising your momma". He's the toughest man I've ever known. He crafted some of the most beautiful homes in Tallahassee with his bare hands and a natural light. He was often heard well before he was seen and he'll surely never be forgotten. His life can only be summed up by one phrase.... "Good googamooga".*

I'll keep your food plot green, your feeder fed and your camera batteries hot.
