I miss you so much daddy. 11 months and it still feels like you were just here yesterday telling me not to worry that everything will be fine. You never let me down, you were ALWAYS here for me. I can't explain how much I miss you and this pain never goes away. You are my guardian angel and I know you are with me and Janie and Levi everyday. Mama is so strong but she misses you so much, you know how much of a godly woman she is and I can tell she still doesn't understand why you had to leave us so soon. Nobody understands why. I wish I would of held on forever the last time I hugged you. I seriously can't thank you enough for being my daddy even when you didn't have to be. You loved me and all of your kids as your own and we will all be forever grateful. I never have and never will have another daddy. You were and still are the best man in my life. Please keep us safe and somehow release this pain from my heart. You always knew how to calm me down and how to make things better. And I promise you that our relationship with mom is as strong as it's ever been because I hear you in the back of my mind telling me that she is right even when she's wrong. She has become my bestfriend since you have been gone. But you were and always will be the best thing that ever came into my life. I love you daddy, 4ever and 4always
