“ He was one of my favorite people. We were in High School and cross country together. He would always make jokes and we would try not to trip all over the place while laughing. It is a very sad thing to lose someone so young. We will all miss Tyler.

“ There are many countless memories with you tyler. Mainly, you driving me crazy. But we had a mutual understanding and friendship with eachother. Our card games and pong will never be the same without your parch-iness. You were such a genuine soul, and would legitimately give the shirt off your back to anyone who asked just to make sure they were happy. You will be missed so much by anyone lucky enough to have known you.

*These 2 quickly stole my heart. So many great memories with Tyler and Tuki. Tyler "scolding" Tuki for jumping on the keyboard while he was gaming.  
I will keep the family in my thoughts and prayers just as I keep Tyler in my heart.*

“ *I'll never forget all the times that we hung out at eachothers house in highschool. Tuki always attacking him while he was in the bed. Or lan-ing our computers together and just gaming all night. It sucks to see he left so early, even if we haven't talked in a while. Hopefully he saves me a spot at the computer beside him up there. RIP.*
