

## William Hunt Epperson Jr.

October 9, 1942 - April 7, 2024

William (Bill) Epperson, Jr. left his earthly home on Sunday, April 7, 2024. Also known by his Colorado nickname as “Eppy”, Bill is best remembered for his undeniable spirit, the love in his heart and his relentless pursuit to live life at its fullest. Those closest to him could always count on him to pick up the tempo and lighten the load with his infectious humor and his zest for life. His unquenchable thirst for laughter and happiness made this world a better place. His life journey is one of legend. His greatest strength was the love in his heart. He loved his family, friends and his beloved Florida State Seminoles – with every ounce of blood, sweat and tears his soul could muster. If he loved you, there was never a doubt as he openly reminded you of that special place he held for you – in his amazing heart. Though he will be missed immensely, he is “free as a bird now, and this bird you’ll never change”.

A Celebration of Life will be held at Shellpoint Beach at a later date.

Skip & Trey Young along with Paula and Kimberly are caring and assisting the family. 850-926-5919 [Familyfhc.com](http://Familyfhc.com)
